Preem and Simeon have signed a transport contract

The Swedish leading fuel company Preem has signed a multiyear transport contract with Simeon Groups Swedish daughter company Petroleum Logistic i Mittskandinavien AB.

Simeon will drive Preems transportations in region East (Stockholm, Norrköping, Västerås and Gotland) and region West (Göteborg and Karlstad) from the beginning of the year 2020. Simeon will also take over the current personnel and truck fleet and increase its total personnel to 130 people and truck fleet to 48 fuel tankers.

"We are happy to present a solution which will answer to Preems standards regarding safety and reliability. I see our contract as a natural step in our Swedish expansion plan", says Simeon Groups CEO Pontus Stenberg.
